

SigLite LCD BT 1x5

MODEL	DESCRIPTION
T-LBK460-BT2-R	Bluetooth

The Topaz SigLite® LCD BT 1x5 uses Bluetooth connectivity. It provides biometric signature data capture with the same high quality as other Topaz pads. The touch-screen sensor reads the digital, binary pressure of the stylus tip and transmits signature data to the computer at high speed for an easy, accurate electronic signature. The backlit transreflective LCD displays “electronic ink” under the pen tip.

SIGNATURE PAD BENEFITS

- 3rd-generation touch-screen signing surface for **cost efficiency**
- LCD display for **customizability**
- Bluetooth-connectivity and small size for **portability**
- Rechargeable, AAA NiMH batteries included for **convenience**
- High-quality **biometric and forensic** capture techniques
- Topaz software suite bundled at **no additional cost** for complete signing and signature solution customization

BUNDLED TOPAZ SOFTWARE

Developer's Tools
