

KioskGem LCD 1x5

MODEL

T-LBK462-KAHSB-R
T-LBK462-KAB-R

DESCRIPTION

USB Backlit
Serial Backlit

The Topaz KioskGem™ LCD 1x5 is a small electronic signature capture pad designed for public-access and kiosk-mount application. The KioskGem 1x5 mounts to a surface with no exposed cables or fasteners, and the pen is connected with a high-stress tether. The backlit transfective LCD displays “electronic ink” under the pen tip.

SIGNATURE PAD BENEFITS

- Rugged signing area for **long life**
- Small size, weight, and kiosk-mounted system for **security**
- LCD display for **customizability**
- High-quality **biometric and forensic** capture techniques
- Topaz software suite bundled at **no additional cost** for complete signing and signature solution customization
